He is requesting for Council Members to speak slowly and clearly because this will help the City Secretary, the closed captioner and the general public. After roll call, they established there was a quorum. If by chance, for example, they have to leave, just let them know on the chat screen if they are leaving temporarily or if they are leaving for the duration because otherwise, they will assume that Council Members are present. If they are making the motion or seconding a motion, they will need to state their name and their action clearly so they can have it down for the record. At 2:13 p.m., Mayor Turner requested the City Secretary to call the List of Speakers

#1 - CAMERON CLARK – 5019 Moss Hollow Ct. – 77018 – 832-330-1923 – Item No. 5 – Permanent Traffic Control Devices/Speed bumps – (In Person).

Council Member Kamin thanked Mr. Clark for coming. Her office did try to reach out to him earlier and the number listed didn't go through. District C has 35 applications for speed cushions ahead of him and there is limited funding because it has to be funded through Council District Service Funds. They are doing everything they can to look at this and work with them all. She knows in certain neighborhoods they were able to partner to find some private funding for these as well.

#2 - KELLEY GERACE – 5006 Holly Bend Ct. – 77018 – No Phone - Item No. 5 – Permanent Traffic Control Devices/Speed bumps – (Virtual) – Kelley.gerace@gmail.com.

#3 - MICHELLE CLARK – 5019 Moss Hollow Ct. – 77018 – 979-229-8711 - Item No. 5 – Permanent Traffic Control Devices/Speed bumps – (In Person).

MICHEAL OHLIGER – 5003 Moss Hollow Ct. – 77018 – 832-729-3204 - Item No. 5 – Permanent Traffic Control Devices/Speed bumps – **(Virtual) – ohligma@gmail.com. NOT PRESENT**

#4 - LAURA WEST – 5015 Leafy Holly Ct. – 77018 – 202-430-1462 - Item No. 5 – Permanent Traffic Control Devices/Speed bumps – (In Person).

#5 - MIKE VITEK – 5010 Moss Hollow Ct. – 77018 – 281-652-6111 - Item No. 5 – Permanent Traffic Control Devices/Speed bumps – (Virtual) – mvitek@sbcglobal.net.

#6 - MICHELLE COMPOSTO – 5002 Hollow Bend Ct. – 77018 – 970-412-9374 - Item No. 5 – Permanent Traffic Control Devices/Speed bumps – (Virtual) – mscomposto@gmail.com.

#8 - GEORGE BILNOSKI – 1247 Bethlehem St. – 77018 – 713-557-0733 – Item No. 5 – Permanent Traffic Control Devices/Speed bumps - (In Person).

Council Member Kamin thanked Mr. Bilnoski for his leadership on this issue. She knows that he has been engaging with her office on this and she can't speak on the applications prior to her coming into office but she knows that he has been great to work with. As they continue to push, she has been monitoring, as he's been meeting with the various departments requesting that new additional reviews of the traffic study to see if they'll approve additional speed cushions.

Mr. Bilnoski stated that the point that he wants to make is, even though these studies are being done, there is no progress being made. The communications with the engineering department has stopped and they still don't know whether they are qualified or not, or unapproved or approved. He heard a rumor that they might have one approved but it would be self-funded. They don't assume the responsibility for requesting and installing up to three speed bumps.

Mayor Turner stated to Mr. Bilnoski that he will have the City Engineer give him a call back which that he can do.

Members of Council commented and questioned Mr. Bilnoski's statement.

#9 - DOMINIC MAZOCH – 110 West Rocky Creek Rd. – 77076 – 832-372-3998 - Item No. 5 – Permanent Traffic Control Devices/Speed bumps - (In Person).

#10 - ELIZABETH KARAM – 5002 Moss Holly Ct. – 77018 – 281-620-7113 - Item No. 5 – Permanent Traffic Control Devices/Speed bumps - (Virtual) – karaeliz@amazon.com.

#11 - NICHOLAS KARAM - 5002 Moss Holly Ct. – 77018 – 832-563-7405 - Item No. 5 – Permanent Traffic Control Devices/Speed bumps – (In Person).

Mayor Turner thanked all of them for being here in person and all the ones that are on the screen. And as they can hear, this is a conversation that they have had and will continue to have. It's not going away and they recognize that they need to address it in some form or fashion. In some cases it's due to lack of resources or limited resources. Generally speaking, they have to do a much better job in designing the roads but that is not going to change the way the roads are already designed and being used currently. They will speak to the City Engineer of Public Works and get with the individual Council Members and try to come up with a plan fairly quickly to move forward.

Before Mr. Davis speaks, the Assistant City Attorney has to say something on this subject and this is in reference to the Chick-Fil-A issue.

Assistant City Attorney Zamora stated that it is his understanding that the individuals or the corporations that applied for a sign permit is appealing. The General Appeals Board made a decision that will now be appealed to City Council. When they make their decision and when it appears before them, they should only take into consideration the record that comes from the General Appeals Board. Everything that is said here today from individuals who may choose to speak should not be taken into consideration.

#12 - PATRICK DAVIS – No Address – 404-353-3819 - Variance Appeal at 7007 Gulf Freeway/Chick-fil-A – (Virtual) – patrick.davis@cfacorp.com.

#13 - KRISTEN HAMILTON – No Address – 678-725-8852 – Variance Appeal at 7007 Gulf Freeway/Chick-fil-A – (Virtual) – khamilton@chandler signs.com.

#14 - STEPHANIE STEWART – 7007 Gulf Freeway – 77087 – 281-639-1560 - Variance Appeal at 7007 Gulf Freeway/Chick-fil-A – (In Person).

#15 - REBECCA CHIN – 7007 Gulf Freeway – 77087 – 832-576-6139 - Variance Appeal at 7007 Gulf Freeway/Chick-fil-A – (Virtual) - becky.chin@cfafranchisee.com.

Council Member Gallegos stated that this is an airport corridor with Scenic Houston, in regards to the size of the signage along the Gulf Freeway. In other words, the reason why this was done was to beautify and improve along the Gulf Freeway. As to why they need a sign to compete with the other companies right there, he really doesn't understand it. With Google Maps and people basically being directed to a restaurant now, you don't have to have a sign that overpowers you along the Gulf Freeway. He is hoping Public Works will be taking this into consideration in regards to the Airport Corridor.

#16 - PHYLISS MOSS – 2520 Wichita St. – 77004 – 713-775-4414 – Proposed Historic District - (In Person).

Mayor Turner stated to Ms. Moss that her home is not in the proposed boundary, so it doesn't affect her. Ms. Moss stated to Mayor Turner that it doesn't affect her but it's puzzling to her because they voted. Mayor Turner stated that the three homes on the street block that are contiguous to the homes on Rosedale Street are included. There are 19 lots with 20 structures that are included in the proposed boundaries. There has been a lot of public conversation about the Riverside Terrace Historic District and it was narrowly constructed to include a limited number of homes. The proposed first Riverside Terrace Historic District presently has 68.4% of support in that area.

Council Member Evans-Shabazz stated that from the historical district meeting was a springboard for them to talk about deed restrictions. They had an intensive workshop on Saturday regarding that. She did get the correspondence from the Riverside Civic Association and found that the 3 houses on Wichita want their homes designated. That means it doesn't impact any other home on Wichita. She has requested a meeting with the RCA, as well as with Director Margaret Wallace Brown and the Historic District so they can get a better understanding.

Members of Council commented and questioned Ms. Ross's statement.

Mayor Turner stated that many neighborhoods would like the historical designation because it does help preserve the character and the personality of that neighborhood. He wants to assure her that there are areas throughout the city who want to maintain the personality and the character of their neighborhoods. This is Council Member Evans-Shabazz's district but through the Third Ward community, it is changing. A historical designation, in many cases, will preserve the character and the personality of a place like Riverside Terrace. A part of creating historical districts is to maintain the character and personality of that community, where people have been living there for a long time and don't want to see the change.

#17 - DEIDRE RASHEED – 12623 City Square Ln. – 77047 – No Phone – New home development – (In Person).

#18 - STEVEN HERZOG – 11815 Durette Dr. – 77024 – 713-203-6480 – Houston tennis facilities – (In Person).

Council Member Robinson stated that Mr. Herzog is referring to the strategic plan that they have been working on for some time. Council Member Robinson knows how passionate Mr. Herzog is about tennis and he appreciates all those who've been working on this. He knows that they have some exciting things coming up. He would like to point out to his friend, Mr. Herzog, Council Members Jackson, Alcorn and himself toured three (3) facilities in District B on the northeast side of town. And while some of these photographs are really showing a set of facilities in need of some help, they also saw some really bad ones on the northeast side.

Mayor Turner stated between now and the end of December, there are 22 parks across the City of Houston that are going to be significantly upgraded. Highland Park is disastrous and Highland Park will get additional attention in addition to the \$30,000. They have a tennis program but what they are playing on really treats those kids like they are secondhand students. If the Tennis Association, for example, would like to join in to provide additional fundraising just for tennis courts, that would go a long way.

Members of Council commented and questioned Mr. Herzog's statement.

#19 - DOUG PRITCHETT – 919 Milam St., Suite 1500 – 77002 – 713-860-0530 – Houston tennis facilities – **(In Person)**.

#20 - KRYSTAL RODRIGUEZ – 7319 Chasewood Dr. – Missouri City, TX – 77489 – 832-987-6125 – Metro/Fentanyl drugs in neighborhood – **(In Person)**.

Council Member Castex-Tatum stated to Ms. Rodriguez that her Director of Constituent Services reached out to her and they understand that there are drugs in communities. She wants her to know that they have had conversations with Chief Finner and with other HPD officers about some of the concerns in the Chasewood neighborhood. They understand the urgency of making sure that they are addressing some of those homes that they know people are doing something against the law.

Not only to shine and bring awareness but to give it a platform and to build pride, confidence and value in our young girls and women that are dealing with disabilities. He is going to reach out to them directly because he would like to get more information about the program so that he can provide it to some of the group homes and the day centers that have children and adults with autism and disabilities so they can get them engaged as well.

Members of Council commented and thanked them for all that they do.

Council Member Evans-Shabazz thanked Mr. Johnson for coming forward. They are having engagements regarding how they are going to be putting those bike lanes in. She is very particular about that because there have been some problems in other parts of the district, particularly in the museum district, on the utilization of them and how the bike lane is constructed. She would appreciate any comments or suggestions that he has because she wants to get it right so that the community can enjoy the bike lanes but they won't be an impediment to the people who work and live in the community.

LAMOND DIXON – 2002 San Sebastian Ct. – 77058 – 832-221-9521 – Complaint/Background check – (In Person). NOT PRESENT

Council Member Pollard thanked Mr. Wilson for coming again. They were actually able to do a virtual meeting recently and he believes his mom is here. She also helps direct the program but he wanted to commend both of them for their continued commitment to that community and wanting to impact others. Council Member Pollard stated that they will look at the information he provided. They have already taken his first piece of advice, which was going on the Hire Houston Youth website and gotten people signed up for summer jobs.
