RECOMMENDATION: (Summary) from the Director of the Finance Department that the City Council receive the tax year 2012 Appraisal Roll information, Certification of the Anticipated Collection Rate and appoint Jennifer Chen, and Alma Tamborello to calculate and publish the City's Effective and Rollback Tax Rates in accordance with the "Truth-In-Taxation" provision of the State Tax Code.

Amount of Funding: Not Applicable	F & A Budget:
---	--------------------------

SOURCE OF FUNDING: General Fund Grant Fund Enterprise Fund
 Other (Specify)

SPECIFIC EXPLANATION:

The Truth-In-Taxation provisions of the State Tax Code require the City to take certain steps before adopting its ad valorem tax rate each year. The first of these steps are to, (1) submit the City's tax year 2012 appraisal roll information to City Council, (2) certify an anticipated collection rate to City Council, and (3) appoint representatives to calculate and publish the Effective and Rollback Tax Rates.

Attached are the required reports of the tax year 2012 appraisal roll information and the certification of anticipated collection rate.

It is recommended that the City Council receive the tax year 2012 Appraisal Roll Information, Certification of the Anticipated Collection Rate and appoint Jennifer Chen and Alma Tamborello to calculate and publish the City's Effective and Rollback Tax Rates in accordance with the "Truth-In-Taxation" provisions of the State Tax Code.

Motion No. 2011-0911, dated December 14, 2011

RECOMMENDATION: Authorize payment of the WERF invoice for **\$88,769.52** for Subscription Year 2012 (09/01/2012 to 08/31/2013).

Amount and Source of Funding: \$ 88,769.52 - from Water and Sewer System Operating Fund 8300

8/10/12 *JK*

SPECIFIC EXPLANATION:

This is a Request for Council Action to authorize payment of an invoice received from the Water Environment Research Foundation (WERF) for their annual subscriber fee. The amount assessed is a function of the average annual wastewater flow for the City of Houston, which is 222.48 MGD.

WERF supports leading edge research projects on matters related to water quality, wastewater treatment, residuals handling, and asset management. WERF also receives substantial funding from EPA. WERF funds research in the following areas: wastewater collection and treatment, watersheds and ecosystems, and human health. Of particular interest to the Wastewater Operations Branch are projects that focus on inspection and maintenance of gravity sewers and force mains, wet weather issues, biosolids, and asset management. As a subscriber to WERF, the City of Houston is entitled to access proprietary information such as: research publications, interim research findings from ongoing projects, online tools, and conference proceedings.

WERF is currently in various stages of valuable research in the following subject areas:

- The design, evaluation, rehabilitation and optimization of centralized and decentralized water, wastewater and storm water systems.
- Facility and asset management at plants and collection systems including security strategies and tactics, early warning systems and energy management.
- Technologies for the removal of nutrients, pathogens, micro-pollutants, air pollutants and odors from centralized and decentralized treatment technologies.
- Solids treatment and reuse including land application, odor and pathogens control.
- Storm water system monitoring, compliance, optimization and sustainability.
- Watershed management and water quality including human and ecological risks from contaminants.

Recommend that City Council approve the Department of Public Works and Engineering's request to pay WERF the invoiced amount of **\$88,769.52**.

Ord. # 2011-208 dated 03/23/2011

RECOMMENDATION: (Summary) Pass a motion to approve the final Contract Amount of \$5,962,259.21 or 4.90% under the original Contract Amount, accept the Work and authorize final payment.

Amount and Source of Funding: No additional funding required. Total (original) appropriation of \$7,222,000.00 with \$6,186,000.00 from the Drainage Improvements Commercial Paper Series F, Fund No. 4030, and \$1,036,000.00 from Water and Sewer System Consolidated Construction Fund No. 8500.

PROJECT NOTICE/JUSTIFICATION: This project was part of Storm Drainage Capital Improvement Plan (CIP) and was required to provide drainage improvements to alleviate flooding due to insufficient pipe capacity along Boone Road and certain side streets to serve the Brays Village area within Comprehensive Drainage Plan (CDP) Outfall 0687.

DESCRIPTION/SCOPE: This project consisted of the construction of approximately 44,300 square yards of 8-inch thick reinforced concrete roadway pavement with curb and gutter, approximately 10,808 linear feet of storm sewer pipe of various sizes including inlet leads, approximately 2,000 linear feet of water line of 4 to 12-inch, approximately 4,500 linear feet of 8-18-inch sanitary sewer line, including all appurtenances. The project also included driveway, sidewalk and wheelchair ramp construction. SES Horizon, Inc. designed the project with 420 calendar days allowed for the Contract. The Contract was awarded to SER Construction Partners, Ltd. with an original Contract Amount of \$6,269,147.02.

LOCATION: The project area is generally bounded by Harwin Drive on the north, Brays Bayou (HCPCD Unit Number D100-00-00) on the south, Baynard Drive on the east and Wild Acres Drive on the west. The project is located in Key Map Grids 529B and F.

CONTRACT COMPLETION AND COST: The Contractor, SER Construction Partners, Ltd., has completed the work under the subject Contract. The project was completed within the Contract Time. The final cost of the project, including overrun and underrun of estimated bid quantities and previously approved Change Order Nos. 1 and 2 is \$5,962,259.21, a decrease of \$306,887.81 or 4.90% under the original Contract Amount

The decreased cost is a result of the difference between planned and measured quantities. This decrease is primarily the result of an underrun in Bid Item No. 21 - Off-Site Transportation And Disposal (Contaminated Ground Water), and Extra Unit Price Items, which were not necessary to complete the project.

RECOMMENDATION: (Summary) Authorize the City Attorney, by Motion, to deposit the amount of the Award of Special Commissioners into the registry of the Court and pay the costs of court incurred in this matter. Funding will be provided by a previously approved blanket Appropriation Ordinance.			
Amount and Source of Funding: \$214,127.00; No additional funding required. Funds previously appropriated under Ordinance No. 2010-231 out of the Street and Bridge Consolidated Construction Fund 4506 and re-appropriated by Ordinance No. 2011-1088 into Fund 4042 - Street & Traffic Control and Storm Drainage DDSRF. <i>M.P. 8/17/2012</i>			
SPECIFIC EXPLANATION: The Yale Street Improvements Project (Tidwell - W. Parker) provides for the right-of-way acquisition, engineering and construction of two 24 foot-wide concrete roads with curbs, sidewalks, driveways and the necessary underground utilities. The improvements will upgrade the existing roadway to Major Thoroughfare Standards. This eminent domain proceeding involves the acquisition of two (2) permanent easements respectively containing 1,091 square feet and 497 square feet (0.050 acre) of land. The properties are located at 5600, 5606 Yale Street and 5624 Yale Street. The owners are Richard Nguyen and Nancy Huynh. The properties are not contiguous. Parcel AY8-285, located at 5600 -5606 Yale, is improved with a multi tenant building containing a tire shop, used appliance store, computer/electronic repair and a radiator shop. Parcel AY8-290, located at 5624 Yale, is improved with a 2,080 square-foot concrete masonry building being utilized as a neighborhood food market. The City's taking involves a rectangularly shaped street easement, ranging from 5.77 feet in width to 19.02 feet in width and extending 185.01 feet, along the existing Yale Street right-of-way. Situated within the taking are 1,300 sf of concrete drives/paving, a planter box, an illuminated on-site sign and metal railing to protect the sign. The City's final offer of \$247,589.00 to purchase the needed property was rejected by the landowner's legal representative who submitted a counter-offer of \$281,730.00 to convey the needed properties to the City of Houston. The counter-offer was reviewed and rejected by Public Works & Engineering. Efforts by Public Works & Engineering to negotiate the purchase failed and the matter was referred to the Legal Department to initiate eminent domain proceedings to acquire the property.

The Legal Department combined the two matters into one eminent domain case and retained one of the appraisers, utilized by Public Works & Engineering, to prepare appraisal reports on both parcels for the Special Commissioners' Hearing. The hearing was scheduled and the parties were cited and served as required by law.

City's Testimony Before the Special Commissioners: \$203,890.00

(i.e. \$5.50 psf x 1,091sf + \$5.00 psf x 497 for the land being acquired; \$17,592.00 for the improvements thereon and \$177,812.00 as damages to the remainder)

(i.e. \$5.50 psf x 1,091sf + \$5.00 psf x 497 for the land being acquired; \$18,508.00 for the improvements thereon and \$369,178.00 as damages to the remainder)

Award of Special Commissioners: \$203,890.00.

The landowner filed objections to the Award of Special Commissioners and the matter was placed on the Court's trial docket.

The "Costs of Court" are: \$187.00 filing fee; \$225.00 Service of process fee; \$2,700.00 Special Commissioners' fees (i.e. \$900.00 x 3); \$7,125.00 Appraiser's fee; **Total: \$10,237.00.** These "costs of court" account for the monetary difference between the amount of the Award of Special Commissioners and the total amount of funds needed herein.

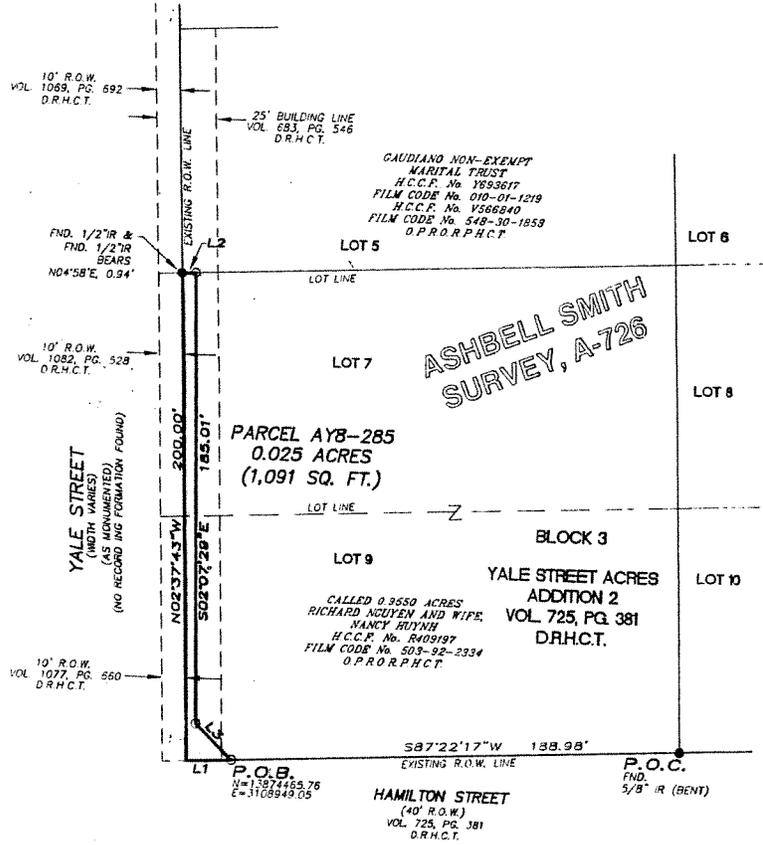

We recommend that the City Attorney be authorized, by Motion, to deposit the amount of the Award of Special Commissioners into the registry of the Court and pay the costs of court incurred in this matter. Funding will be provided by a previously approved blanket Appropriation Ordinance.

RECOMMENDATION: (Summary)

Approve the purchase of a medium-duty cab & chassis and truck body through the Houston Galveston Area Council (H-GAC) in the amount of \$152,409.00 for the Houston Fire Department.

Award Amount: \$152,409.00

Finance Budget

\$152,409.00 - 2011 Urban Area Security Initiative Fund (Fund 5030)

SPECIFIC EXPLANATION:

The Chief of the Houston Fire Department and the City Purchasing Agent recommend that City Council approve the purchase of a medium-duty cab & chassis and truck body through the Interlocal Agreement for Cooperative Purchasing with H-GAC for the Houston Fire Department in the amount of \$152,409.00 and that authorization be given to issue a purchase order to the H-GAC contractor, Houston Freightliner, Inc. This new medium-duty cab & chassis and truck body will be used citywide by the Department as a front line rescue truck during long term disaster events.

This new vehicle will come with a full warranty of three years/36,000 miles on the cab & chassis and truck body and the life expectancy is seven years or 100,000 miles. This vehicle will replace Shop No. 32386, a ten-year-old unit with 201,096 miles that has reached its life expectancy and will be sent to auction for disposition.

Hire Houston First:

This procurement is exempt from the City's Hire Houston First Ordinance. Bids/proposals were not solicited because the department is utilizing an Interlocal or Cooperative Purchasing Agreement for this purchase. The aforementioned notwithstanding, Houston Freightliner, Inc. is an approved Hire Houston First firm.

Approve an award to Scott Technologies, Inc. dba Scott Safety on its sole bid in an amount not to exceed \$631,616.70 for fire ground communication equipment for the Houston Fire Department.

Estimated Spending Authority: \$631,616.70

Finance Budget

\$631,616.70 General Fund (1000)

SPECIFIC EXPLANATION:

The City Purchasing Agent recommends that City Council approve an award to Scott Technologies, Inc. dba Scott Safety on its sole bid in an amount not to exceed \$631,616.70 for fire ground communication equipment for the Houston Fire Department. It is further requested that authorization be given to make purchases, as needed, for a thirty-six (36) month period, with two one-year options to extend. This award consists of fire ground communication equipment which includes speaker boom, voice amplifier that is integrated into the face piece, connectors, brackets, external push-to-talk unit, and mil-spec connectors that attach to the portable radios.

The fire ground communication equipment, also known as the EZ Com communication device, enables fire crew members to communicate effectively with one another in extremely hostile environments. The enhanced communication improves fire ground accountability, fire crew integrity and reduces the need for additional radio traffic due to incomprehensible communication.

This recommendation is made pursuant to Chapter 252, Section 252.022 (a) (2) of the Texas Local Government Code for exempt procurements.

HIRE HOUSTON FIRST:

This procurement is exempt from the City's Hire Houston First Ordinance. Bids were not solicited because the Department requires these items to preserve or protect the public health or safety of the municipality's residents.

Subject: MWBE Participation Waiver Request

I am requesting a waiver of the MWBE Goal: Yes No Type of Solicitation: Bid Proposal

I am requesting a MWBE goal below 11% (To be completed by SPD, and prior to advertisement) Yes No

I am requesting a revision of the MWBE Goal: Yes No Original Goal: 0% New Goal: 0%

If requesting a revision, how many solicitations were received:

Solicitation Number: _____ Estimated Dollar Amount: \$640,040.70 Goal on Last Contract: 0%

Anticipated Advertisement Date: NA Solicitation Due Date: NA Was Goal met: Yes No

If goal was not met, what did the vendor achieve: _____

Name and Intent of this Solicitation: Fire Ground Communication Equipment

Rationale for requesting a Waiver of Revision (Zero percent goal or revision after advertisement):

The Houston Fire Department has a continuing need to purchase Fire Ground Communication Equipment, which is used by fire fighters to communicate effectively with other team members in extremely hostile situations. The bid for this procurement is based on Texas Local Government Code Chapter 252, Section 252.022 (a) (2), to preserve or protect the public health or safety of the municipality's residents. The items will be shipped directly from the factory in Monroe, North Carolina to the Houston Fire Department. Due to the intrinsically safe portion of the NFPA guidelines, the Fire Ground Communication Equipment can only be serviced by highly trained factory technicians or the warranties are voided. Therefore, the Houston Fire Department is requesting for the Mayor's Office of Business Opportunity approval of a Zero (0%) percent goal for the above-referenced agreement.

B. **Awarded To:** **Scott Technologies, Inc. \$631,616.70**
dba Scott Safety
4320 Goldmine Road
Monroe, NC 28110

III. NARRATIVE

This is a line item award consists of fire ground communication equipment, which includes mouth amplifiers that is integrated into the face shields, and voice amplifiers, connectors, brackets, and external push-to-talk buttons to be used by the Houston Fire Department. The fire ground communication equipment enables fire crewmembers to communicate effectively with one another in extremely hostile environments. The enhanced communications improves fire ground accountability, fire crew integrity and reduces the need for additional radio traffic due to incomprehensible communication.

The new award total dollar amount of \$631,616.70, compared to the previous award total dollar amount of \$381,394.71, reflects a 60.38% increase in total estimated expenditures. The increase is due to the departments' need to purchase new interface equipment for its existing fire ground communication equipment to meet Federal Communications Commission (FCC) regulations. The FCC is mandating all public safety and industrial/business licensees convert existing 25 kHz radio systems to minimum narrowband 12.5 kHz efficiency technology by January 1, 2013. The purpose of the narrowband mandate is to promote more efficient use of the VHF and UHF land mobile frequency bands. The increase to the total dollar amount of

IV. NARRATIVE (continued)

the new award will accommodate immediate purchases required to upgrade and bring into compliance the existing fire ground communication equipment prior to the January 1, 2013 deadline, and to meet future operational needs. The current award's remaining balance in the amount of \$152,854.71 is sufficient to accommodate immediate needs until the renewal is processed.

III. NARRATIVE, CONTINUED

This procurement is exempt from the competitive bid process pursuant to Chapter 252, Section 252.022 (a) (2) of the Texas Local Government Code for exempt procurements.

IV. MWBE

The previous bid solicitation was issued with a 0% M/WBE Goal approved by the Mayor's Office of Business Opportunity. The 0% M/WBE Goal was assigned and approved because the supplier, Scott Technologies, Inc. dba Scott Safety, is located in Monroe, North Carolina, and the items will be direct shipped, using a common carrier, to the user department on an as needed basis. Scott Technologies, Inc. dba Scott Safety does not have a local inventory warehouse. Based on prior history and the manufacturer's location and operations, the Mayor's Office of Business Opportunity approved a 0% M/WBE Goal.

V. REMARKS

It is requested that this RFCA be placed on the agenda for City Council approval at the earliest possible date to ensure an award is in place to make purchases to upgrade equipment to meet the FCC January 1, 2013 deadline.

Approve an award to Polydyne, Inc. on its best value bid in an amount not to exceed \$15,167,529.00 for liquid polymer flocculent chemicals for the Public Works & Engineering Department.

Estimated Spending Authority: \$15,167,529.00

F & A Budget

\$15,167,529.00 - Water & Sewer System Operating Fund (Fund 8300)

SPECIFIC EXPLANATION:

The Director of the Public Works & Engineering Department and the City Purchasing Agent recommend that City Council approve an award to Polydyne, Inc. on its best value bid in an amount not to exceed \$15,167,529.00 for liquid polymer flocculent chemicals for the Public Works & Engineering Department. It is further requested that authorization be given to issue purchase orders, as needed, for a 60-month period upon approval of City Council. Liquid polymer flocculent chemicals are utilized on a daily basis by the Department's Drinking Water Operations Branch at the Water Production Plants to aid in the dewatering of waste sludge by-products during the potable drinking water treatment process. Liquid polymer flocculent chemicals are required to maintain compliance with the Environmental Protection Agency and the Texas Commission on Environmental Quality and the Safe Drinking Water Act mandates.

This project was advertised in accordance with the requirements of the State of Texas bid laws. Ten prospective bidders downloaded the solicitation document from SPD's e-bidding website and two bids were received. The bids were evaluated based upon the following criteria:

- Bid price
- Polymer test evaluation
- Service & Technical expertise
- Financial strength of bidder
- M/WBE subcontracting capacity

Polydyne, Inc. received the highest overall score.

M/WBE Subcontracting:

This bid was issued with an 11% goal for M/WBE participation. Polydyne, Inc. has designated the below named companies as its certified M/WBE subcontractors:

SPECIFIC EXPLANATION:

By Motion 2011-0863, City Council authorized the abandonment and sale to Park Memorial Condominium Association, Inc. (Sameer Soleja, President) of a 15-foot-wide sanitary sewer easement, out of the John Reinerman Survey, A-642. Subsequent to the Motion, JLB Park Memorial Partners L.P. [JLB Park Memorial, LLC (Bay Miltenberger, Manager) General Partner] purchased the Park Memorial Condominiums. JLB Park Memorial Partners L.P., the new property owner, plans to construct a 375-unit condominium complex in the location of the subject easement.

JLB Park Memorial Partners L.P. has completed the transaction requirements, has accepted the City's offer, and has rendered payment in full.

The City will sell to JLB Park Memorial Partners L.P.:

RECOMMENDATION: (Summary)

Approval of a contract with the Texas Department of State Health Services for 12 Houston Department of Health and Human Services Programs for FY 2013.

Amount of Funding: Total Project Cost: \$8,945,902.92 Federal State Local – Pass Through Fund (5030) HDHHS' Total Matching Funds: \$561,400.00	Finance:
---	-----------------

SOURCE OF FUNDING: [] General Fund [X] Grant Fund [] Enterprise Fund [] Other (Specify)

SPECIFIC EXPLANATION:

The Houston Department of Health and Human Services (HDHHS) requests City Council approval of a contract with the Texas Department of State Health Services (DSHS) for 12 Houston Department of Health and Human Services Programs for FY 2013. The project period is September 1, 2012 through August 31, 2013 in the amount of \$8,945,902.92. The total match amount under this contract is \$561,400.00.

In previous years each of the following HDHHS programs were processed and approved by council as individual contracts. However, for the sake of convenience and expediency, DSHS has consolidated most of their funding programs as attachments under one core contract with the program period being the same as the State's fiscal year. DSHS "bundled" the program contract in an effort to make it easier for local governmental entities to contract with DSHS since all local governmental entities require some level of contract approval by their governing bodies.

------------------------	--	--	-----------------------

The programs included in this bundle are the following:

- Preparedness and Prevention: Community Preparedness Section/Laboratory Response Network** **\$40,009.00**
Funding from DSHS will enable HDHHS to enhance abilities of hospitals and healthcare systems to prepare for and respond to bioterrorism and other public health emergencies. Activities include but are not limited to collaboration with other hospitals, lab training for hospitals, systems for specimen transport from local laboratories and a surge capability plan.
- Current Population Statistics/Laboratory Response Network** **\$242,813.92**
Funding from DSHS will enable HDHHS to continue preparedness activities for response to bioterrorism, outbreaks of infectious disease, and other public health threats and emergencies as well as support PHEP local activities for the Laboratory Response Network.
- HIV Rapid Testing to Clients Accessing Emergency Services** **\$1,050,000.00**
Funding from DSHS will enable HDHHS to conduct Human Immunodeficiency Virus (HIV) routine testing to promote identification of HIV-infected clients early in disease course, to link clients to a system of medical care, and to provide referrals to HIV prevention resources for those who test negative.
- Current Population Statistics/Cities Readiness Initiative** **\$611,981.00**
Funding from DSHS will enable HDHHS to develop plans and infrastructure to provide preventive medications to the population within 48 hours of a large-scale public health emergency such as a bioterrorism attack. A \$242,813.00 match is required for this funding which will be provided through Volunteers who will serve as resources to support the training and preparedness activities.
- TB State African-American Project and Harmony House** **\$1,178,930.00**
Funding from DSHS will enable HDHHS to expand outreach services to individuals of identified special populations who have TB or who are at high risk of developing TB. HDHHS will develop and maintain an active coalition of the public and professionals who will work with the African-American community in Houston to create an awareness of tuberculosis and availability of TB diagnosis and treatment, prevention and control. Harmony House has provided housing for TB patients since 2000. Harmony House provides a stable environment to house contagious patients and provide public health workers access to patients for directly observed therapy (DOT). Once a patient completes appropriate treatment and become non-contagious he/she can return to a traditional congregate setting or to their family.
- Harmony House is the only facility identified by HDHHS to provide this type of specialized housing, including negative air flow, HEPA filtration and ultra violet lighting. These environmental controls, along with a separate room for each resident are necessary for housing infectious patients to prevent TB transmission.
- Preparedness and Prevention: Community Preparedness - Bioterrorism/Discretionary** **\$890,254.00**
Funding from DSHS will enable HDHHS to perform public health activities and programs for community preparedness, emergency operations center coordination, information sharing, medical countermeasures, medical material management and distribution and public health laboratory testing. A - \$99,992.00 match is required for this funding which will be provided through personnel, fringe and supplies.
- Prevention Preparedness: Community Preparedness Section PPCPS/Hazards** **\$1,483,927.00**
The purpose of this contract is to upgrade and integrate state and local public health jurisdictions' preparedness for response to bioterrorism, outbreaks of infectious disease, and other public health threats and emergencies pursuant to CDC Public Health Emergency Preparedness (PHEP) Goals. A - \$148,394.00 match is required for this funding which will be provided through personnel and fringe.
- Infectious Disease Control - FLU-LAB** **\$5,000.00**
Funding from DSHS will enable HDHHS to receive clinical and test specimens and perform Center for Disease Control and Prevention (CDC) Real Time (RT) Polymerase Chain Reaction Method (PCR) for typing influenza viruses.

Hansen Health and Human Services Department

Funding from DSHS will enable HDHHS to coordinate Hansen's Disease (HD) services (early identification, assessment, treatment) and case-manage clients who are suspected to have, or are diagnosed with, Hansen's disease. **\$94,991.00**

IMMUNIZATION BRANCH

Funding from DSHS will enable HDHHS to continue to operate an immunization program for children, adolescents, and adults with special emphasis on accelerating interventions to improve the immunization coverage of children two (2) years of age or younger (0 to 35 months of age). A - \$70,201.00 match is required for this funding which will be provided through supplies and one temporary staff hire. **\$1,405,595.00**

Local Public Health System

Funding from DSHS will enable HDHHS to develop objective(s) to address public health issues; provide resources to conduct activities and services in support of essential public health services; assess, monitor, and evaluate the essential public health activities and develop strategies to improve the delivery of essential public health service(s). **\$297,701.00**

STD-HIV

Funding from DSHS will enable HDHHS to conduct programs to control and prevent the spread of Sexually transmitted diseases (STDs), including human immunodeficiency virus/acquired immunodeficiency syndrome (HIV/AIDS) and viral hepatitis. Activities under this program include: community and individual behavior change interventions; medical and laboratory services; partner services; leadership and program management; surveillance and data management; and training and professional development. **\$1,644,701.00**

RECOMMENDATION: (Summary)
Approval of an ordinance authorizing and approving a participation agreement between the Houston Department Health Department of Health and Human Services, Houston Fire Department and the with Greater Houston Healthconnect

Amount of Funding: Maximum Contract Amount: \$160,000.000 General Fund – Fund 1000	Finance Department:
--	----------------------------

SOURCE OF FUNDING: General Fund Grant Fund Enterprise Fund Other (Specify)

SPECIFIC EXPLANATION:

The Houston Department of Health and Human Services (HDHHS) and the Houston Fire Department (HFD) request City Council approval of an ordinance authorizing a participation agreement with Greater Houston Healthconnect (GHH). GHH owns and operates an internet-based system that provides secure electronic exchange of protected health information (PHI). The term of the agreement is for one year from the date of countersignature with 4 one-year renewals. The maximum contract amount is \$160,000. There is no charge for the first year of the agreement; the service for each additional year will not exceed \$40,000 per year.

GHH is a new system that allows Houston area hospitals and medical care providers to share the PHI of those patients who authorize their PHI to be included in the exchange with other participating entities. The sharing of information between providers increases the coordination and quality of care and improves efficiency in the health care system. At this time, other participants include Harris County Hospital District, UTMB, Texas Children's Hospital, Christus Health, Legacy Community Health Services and other individual physicians.

HDHHS and HFD will designate staff users of the system. Only staff whose job responsibilities require that they have access to the system will be authorized to access using a protected username and password that must not be shared.

The system is beneficial for HDHHS because it will enable providers and laboratories to send reportable data electronically to HDHHS and alleviate the need to continue to purchase one-to-one connections to each medical facility or to process this information manually. Currently, HFD staff contacts each hospital that they delivered a patient to in order to obtain the records to close their files, which is very time consuming and not always successful. GHH will give HFD access to patient treatment and payment information immediately.

Amount of Funding: \$800,000.00	Finance Budget:

SOURCE OF FUNDING: General Fund Grant Fund Enterprise Fund
Community Development Block Grant (Fund 5000)

SPECIFIC EXPLANATION:

The Housing and Community Development Department requests approval of an Ordinance to enter into a partnership with Harris County to share the construction cost of the new Harris County Cemetery located at 21122 Crosby Eastgate Road, Crosby, Texas 77532. The new Cemetery will serve both County and City residents as the final resting place for adults and infants without next of kin, or whose families don't have the financial resources to provide burial elsewhere. The current County Cemetery serves over 400 low to moderate income persons a year, half of which are residents of the City of Houston.

Through the partnership, the City proposes investing \$800,000 of Community Development Block Grant Funds for construction of the Cemetery that will ensure that the City's most indigent residents, and those without the support of friends or family, will be laid to rest in a dignified setting. The total estimated cost for the project is \$1,050,000, of which Harris County is contributing \$250,000. Harris County is also responsible for the cemetery's operating and burial costs at an annual approximate cost of \$655,000.

Construction activities include drainage and land contouring, landscaping, lighting and signage, placement of an entryway and fencing, new access roads and parking areas, installation of pedestrian walkways, building a pavilion to provide a covered setting to conduct dignified services, a storage space for large maintenance equipment, and an ADA-compliant restroom facility for visitors.

Referrals for burial at the public cemetery come from the County Medical Examiner, local hospitals and funeral homes. The Harris County Community Service Department conducts a comprehensive assessment of the deceased to determine if he/she has less than \$600 in available financial resources and qualifies for burial at the public cemetery. All other requests are referred to private funeral homes for low cost or sliding scale burials.

RECOMMENDATION: (Summary) Approval of an ordinance authorizing execution of an Interlocal Agreement with Harris County for mutual access to video networks.

Amount of Funding: No funding required

F & A Budget:

SOURCE OF FUNDING: No funding required

SPECIFIC EXPLANATION:

Background

In 2006 the City of Houston initiated a grant-funded initiative to develop a Public Safety Video infrastructure. The mission was to improve the security posture of populated areas dense with critical infrastructure and other key resources by deploying a scalable and robust Public Safety Video System that leverages existing public and private cameras and networks to provide enhanced situational awareness for appropriate command and control centers operated by first responders in the region. In addition to deploying cameras in public spaces, a key component of the initiative is to enter into partnerships with regional agencies and other stakeholders with existing video systems that support this mission to share and utilize video sources for joint situation awareness and incident management and response.

To date the Mayor's Office of Public Safety and Homeland Security has obtained \$16 Million to develop a robust, scalable digital video system that is currently being used by regional public safety personnel to address Public Safety and Homeland Security concerns.

This agreement will extend the reach of that system to include cameras and video infrastructure owned and operated by Harris County and providing them the reciprocal infrastructure and capabilities from the Public Safety Video System developed by the City of Houston. Each agency will maintain control, ownership and responsibility of their respective systems.

The most significant impact of this agreement will be the access to the ship channel video network recently implemented by Harris County in conjunction with the Houston Ship Channel Security District to enhance security at the port and around other critical infrastructure in the region.

No funding is required to execute this agreement.

Recommendation

It is recommended that the City Council authorize the Mayor to execute this Interlocal Agreement.

SPECIFIC EXPLANATION:

The Administration & Regulatory Affairs Department (ARA) recommends that Council authorize an ordinance approving the change of control of Cequel III Communications I, LLC dba Suddenlink Communications, a Delaware limited liability company ("Cequel III") and under the control of Cequel Communications Holdings, LLC ("Cequel Holdings"), that holds the right, privilege and franchise to own, operate and maintain a cable television system within the City of Houston, pursuant to City of Houston, Texas Ordinance No. 2003-621 approving the assignment of the franchise granted by City of Houston, Texas Ordinance 98-15 as amended by City of Houston, Texas Ordinance No. 2002-458 (the "Franchise").

Cequel III has operated its cable system in Houston since 2002. The company pays the City approximately \$800,000 annually in cable franchise fees, as well as fees in support of Public, Educational and Governmental programming, and serves residential customers primarily in the Kingwood area.

Pursuant to the terms of the Franchise, the company is required to obtain the approval of the City prior to any change in control or assignment. Cequel III is the holder of the Franchise and has notified the City that it anticipates a change in control of Cequel Holdings by sale of all the equity interests of Cequel Holdings to Nespresso Acquisition Corporation.

The Administration & Regulatory Affairs Department (ARA) recommends that Council authorize an ordinance approving the change of control of Cequel III that holds the right, privilege and franchise to own, operate and maintain a cable television system within the City of Houston, pursuant to City of Houston, Texas Ordinance No. 2003-621.

The Administration and Regulatory Affairs Department (ARA) recommends City Council approve an ordinance calling a public hearing at which interested persons will be given the opportunity to be heard on the report to City Council by the Director of the Administration and Regulatory Affairs Department recommending the termination of the cable television franchise granted to TVMAX Houston, L.P. by City of Houston Ordinance No. 2005-582, as modified by Ordinance 2010-559. SPECIFIC EXPLANATION:

The Administration & Regulatory Affairs Department (ARA) recommends City Council approve an ordinance calling a public hearing at which interested persons will be given the opportunity to be heard on the report to City Council by the Director of the Administration and Regulatory Affairs Department recommending the termination of the cable television franchise granted to TVMAX Houston, L.P. by City of Houston Ordinance No. 2005-582, as modified by Ordinance 2010-559.

TVMAX Houston, L.P. d/b/a Wavevision ("TVMAX") is a City of Houston cable franchisee serving residents throughout the City of Houston, comprised predominantly of multifamily dwellings. Under the terms of the franchise, TVMAX is required to pay the City a quarterly franchise fee, a quarterly fee in support of Public, Educational and Governmental programming, and an annual capital contribution. TVMAX is delinquent in its obligations to the City, and extensive efforts by ARA and the City Attorney's Office to work with TVMAX to bring this delinquency current have failed.

Pursuant to Section 30.A. of Ordinance 2005-582, the ARA Director has determined that a failure to comply with a material provision of the Franchise has occurred and that such failure is not excusable and has not been cured by TVMAX in a manner and in accordance with a schedule that is satisfactory. Therefore, the Director of ARA recommends that the franchise be terminated, and that City Council approve an ordinance calling a public hearing to allow interested persons the opportunity to hear the Director's report and recommendation regarding TVMAX.

Attached to this request for Council Action is the "Director's Report to City Council" outlining TVMAX's failure to abide by the terms of its cable franchise agreement. This report and the Director's recommendation to terminate the franchise agreement will be the subject of the hearing. The Council agenda for the date of the hearing will also include an ordinance for Council's consideration terminating the cable franchise agreement.

Per the terms of the franchise agreement, TVMAX will be afforded at least 45 days notice of the hearing and be provided opportunity to address City Council at the hearing.

Memorandum

To: Mayor Annise D. Parker
City Council Members

From: Alfred J. Moran, Jr., Director
Administration & Regulatory Affairs

Date: August 10, 2012

**Subject: Report to City Council
Regarding TVMAX Houston, LP
As Required by Ordinance No.
2005-582, Section 30.A.3**

This memorandum comprises my written report to City Council regarding TVMAX Houston, LP. TVMAX Houston, L.P. d/b/a Wavevision ("TVMAX") is a City of Houston cable franchisee serving approximately 5,153 accounts within the City of Houston, comprised predominantly of multifamily dwelling units. As described further herein, under the terms of the Franchise Agreement, TVMAX is required to pay the City a quarterly franchise fee, a quarterly fee in support of Public, Educational and Governmental programming, and an annual capital contribution. TVMAX is delinquent in its obligations to the City, owing the City of Houston a total of \$809,789.91 (see attached **Exhibit A, "Summary of Amounts Owed by TVMAX"**). Extensive efforts in the past by ARA and the City Attorney's Office to work with TVMAX to bring this delinquency current have failed; accordingly, ARA is recommending termination of the Franchise.

Ordinance No. 2005-582, Section 30.A. states:

"If the Director determines that failure to comply with a material provision has occurred and that such failure is not excusable and has not been or will not be cured by the Grantee in such a manner and in accordance with a schedule satisfactory to the Director, then the Director shall so notify the City Council in a written report which may recommend action to be taken by the City Council."

Based on TVMAX's failure to bring this delinquency current, I have determined that a failure to comply with a material provision of the Franchise has occurred, and that such failure is not excusable and has not been cured by TVMAX in a manner and in accordance with a schedule that is satisfactory. I am therefore notifying City Council of this determination via this report. A copy of this report will be provided to TVMAX.

TVMAX's Franchise with the City of Houston allows for the termination of the Franchise by ordinance adopted by City Council. However, before any such ordinance is adopted by City Council, TVMAX

City of Houston

Administration &
Regulatory Affairs

must be given at least 45 days' advance written notice. The written notice must set forth the causes and reasons for the proposed termination and cancellation, and advise TVMAX that it will be provided an opportunity to be heard by the City Council regarding such proposed action before any such action is taken, and shall set forth the time, date and place of the hearing. At the hearing, TVMAX shall be entitled to all the rights of due process consistent with City procedures including, but not limited to, the rights to present evidence, to be represented by counsel, to cross-examine witnesses and to make a transcript of the proceedings at its own expense. TVMAX will be provided the hearing notice at the same time it is provided a copy of this *Written Report to City Council*.

In the event TVMAX cures its failure prior to the hearing date, the hearing will be cancelled. If TVMAX fails to cure its failure by the conclusion of the hearing, the Franchise Agreement allows for the following options for City Council's consideration:

1. Seek monetary damages from TVMAX as compensation for such material breach;
2. Revoke the Franchise by termination of the franchise ordinance; and/or
3. Seek such other remedy as may be available at law or in equity.

The City is currently engaged in civil action against TVMAX for failure to pay the amounts owed under the Franchise. This civil action will continue to its proper conclusion in the hopes of collecting monies owed the City of Houston. The civil action has, thus far, failed to bring TVMAX into payment compliance.

The Council agenda for the date of the hearing will include an ordinance for Council's consideration terminating TVMAX's franchise. The agenda item will be pulled if TVMAX cures its failures at any time up to the consideration of the agenda item. If the ordinance is approved, the administration expects TVMAX to immediately cease providing cable television service to its customers. If TVMAX continues to do so, the administration will immediately seek a civil injunction to prevent them from doing so.

IMPACT ON TVMAX CUSTOMERS

When TVMAX ceases providing cable television services upon a vote by City Council to terminate its Franchise Agreement, its 5,153 subscribers within the city limits will be left with no cable television services. The typical TVMAX customer is the management company for a multi-family dwelling or a homeowner's association for a multi-unit condominium or townhome residence. Typically, a contract is entered into with the management company to provide bulk cable television service to all of the residents in the apartment building, whether the individual resident uses the cable television services or not, usually for a basic tier of service. The cost of this basic tier of cable television service is typically included in the monthly apartment rental fee, either as a line-item or factored into the base apartment rental fee. Apartment residents can enter into an individual agreement with TVMAX to receive internet service or premium cable television services for an additional fee. While an individual apartment dweller is free to contract with any cable television provider for services (federal law prohibits exclusive contracts), the reality is that no cable television company will incur the expense of installing wiring to one individual

apartment unit in order to provide them service. The revenue stream does not justify the installation cost, which results in an "all-or-nothing" situation for the apartment/condominium complex.

In these situations, management companies and homeowner's associations wishing to continue providing cable television services to their residents will need to contract with an alternate provider. These are private party agreements and the City will not get involved. ARA assumes existing agreements with TVMAX include a provision for opting out without penalty if TVMAX is no longer able to provide service, but this is up to each individual TVMAX customer to ascertain and, again, the City will not get involved.

As TVMAX is also a broadband internet provider, the poles, conduits and wires owned by TVMAX in the City's public rights-of-way will remain. As an internet provider, TVMAX is required to obtain and pay for the appropriate construction permits from Public Works & Engineering before building and maintaining their infrastructure in the public rights-of-way. However, federal law prohibits states and municipalities from charging any right-of-way fees to broadband internet providers or from refusing them reasonable entry into the public right-of-way.

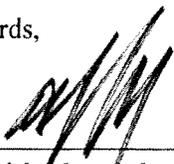

CONCLUSION AND RECOMMENDATION

ARA regrets that the course of events has reached this point. However, TVMAX's failure to cure its delinquency of fees in the amount of \$809,789.91 required under its Franchise Agreement with the City of Houston, as well as its failure to respond on a timely basis to inquiries, or to provide a concrete plan for meeting its obligations, leave the City with no other choice than to proceed with a franchise termination. In light of this, I recommend that:

- a. City Council set a prompt hearing to consider termination of TVMAX's cable Franchise; and,
- b. At the conclusion of the hearing, City Council approve termination of TVMAX's Franchise unless appropriate arrangements have been made by TVMAX to cure its Franchise defaults.

RECOMMENDATION: (Summary)
That the City Council approve an ordinance updating the list of voting precincts that comprise the existing Council single-member Districts as established in May 2011 by ordinance no. 2011-388 and amended by ordinance nos. 2011-399 and 2011-738.

Amount and Source of Funding: N/A	F & A Budget: N/A
--	---------------------------------

SPECIFIC EXPLANATION:
 On May 18, 2011, City Council passed Ordinance No. 2011-388 establishing the boundaries of the single member districts from which District Council Members are elected and defining the single member districts by listing the Harris, Fort Bend, and Montgomery Counties' voting precincts that comprise those districts. The Ordinance was subsequently amended by Ordinance Nos. 2011-399 (June 1, 2011) and 2011-738 (August 24, 2011) to correct errors in the listing of voting precincts. Since that time, Harris County has split a number of voting precincts into two, thereby creating additional voting precincts within the city limits of the City of Houston. This action is to update the list of voting precincts that comprise the City's Council districts by identifying those added precincts only and assigning them to a Council District. No changes to the overall boundaries of the Council Districts are being changed.

No population or territory is being move from one District to another. The boundaries of the single member districts from which District Council Members are elected remain in the exact configuration they were established in by Ordinance No. 388 on May 2011.

Attached is a list of the new precincts and their assigned Council Districts.

Finance Budget:

SPECIFIC EXPLANATION: The General Services Department recommends approval of a Lease Agreement between UCM/GP-1301 FANNIN, L.P., (Landlord) and the City of Houston (Tenant) for approximately 15,280 square feet of lease space at 1301 Fannin Street, Houston, Texas for the Records Management System Project Team of the Houston Police Department (HPD). HPD will utilize the space to house the City and contract personnel responsible for implementation of HPD's Automated Records Management System which is currently located at 811 Dallas. HPD's current lease at 811 Dallas expires on September 23, 2012. The landlord and the City were unable to agree on renewal terms.

The proposed Lease Agreement provides for a three-year base term. The total monthly rental payment includes the base rent and operating expenses. The new lease term will commence on September 17, 2012 and will expire on September 16, 2015.

The total monthly rental breakdown is as follows:

Year	Base Rent PSF/YR	Operating Expense PSF/YR	Total PSF/YR	Total Monthly Payment	Annual Payment
Year 1	\$22.00	\$11.00	\$33.00	\$44,970.00	\$539,640.00
Year 2	\$22.50	\$11.00	\$33.50	\$45,606.67	\$547,280.04
Year 3	\$23.00	\$11.00	\$34.00	\$46,243.33	\$554,919.96

In addition, the lease provides the Tenant with 30 parking spaces (25 spaces at \$95.00 per space, per month and 5 spaces at \$140.00 per space, per month).

The lease space does not require build-out. The Landlord will provide a \$5.00 psf allowance for cabling and relocation.

The Landlord is responsible for maintaining the building.

RECOMMENDATION (summary):

The Houston Parks and Recreation Department (HPARD) recommends City Council approve an Ordinance authorizing a two-year, sub-grant agreement with the United States Soccer Federation Foundation, Inc. (USSF) to receive \$230,000 in grant funding from the Corporation for National and Community Service Social Innovation Fund for the *Houston Soccer for Success* after-school program.

Amount and Source of Funding:

\$230,000 Corporation for National and Community Service Social Innovation Fund
\$120,000 City of Houston General Fund (\$60,000 FY13 Approved Budget & \$60,000 FY14 Budget)
\$110,000 Houston Parks Board

Finance Budget:

SPECIFIC EXPLANATION:

The United States Soccer Foundation, Inc. (the Foundation) selected the Houston Parks and Recreation Department (HPARD) to receive a two-year, sub-grant award from the Corporation for National and Community Service United Social Innovation Fund for the *Houston Soccer for Success* after-school program. The sub-grant agreement makes these federal reimbursable funds available to HPARD from July 1, 2012 thru June 30, 2014.

The total estimated cost of the two-year project is \$460,000. The grant award is \$230,000 or 50% of project cost. A 50% cash match of \$230,000 is required. HPARD has budgeted \$60,000 for the Program Manager's Salary from FY2013 General Funds, and will budget the same amount for FY2014 to help meet the cash match. The Houston Parks Board will provide the remaining \$110,000 cash match through private fundraising events and programs such as the semi-annual H-Town Soccer Tournament at Houston Amateur Sports Park, *Joga Futsal* indoor soccer, and the 8 v 8 adult soccer league. More than \$18,500 has already been raised for the grant.

Houston Soccer for Success is an after-school program that uses the sport as a vehicle for youth development and obesity prevention. The grant will expand the program to serve an additional 600 at-risk youth for a total of 1,500 who will participate in after-school programming in a safe environment with structured physical activity, nutritional education, and mentorship. The program operates a minimum of three (3) days a week for at least two (2) 12-week seasons in the fall, winter, and/or spring. Each session runs for at least 90 minutes, and has a minimum child-to-adult ratio of 15:1.

RECOMMENDATION: (Summary)

Approval of an ordinance authorizing the execution of an agreement between the City of Houston and Genesys Works for participation of six (6) high school student interns to assist in various functions within Information Technology, Solid Waste, General Services and Mayor's Office of Business Opportunity.

Award Amount: \$100,000.00.

Finance Budget

Source of Funding:

- \$15,000.00 – Mayor's Office of Business Opportunity - General Fund (1000)
- \$33,000.00 – General Services Department - General Fund (1000)
- \$34,000.00 – Information Technology Department – General Fund (1000)
- \$18,000.00 – Solid Waste Management Department – Recycling Revenue Fund (2305)

\$100,000.00

SPECIFIC EXPLANATION:

The Chief Information Officer recommends approval of an agreement between the City of Houston and Genesys Works for student interns to provide services to various City Departments. The term of this agreement is for two (2) years with three (3) automatic one (1) year renewal periods. The amount of \$100,000.00 listed above is for the first year's funding. Out year funding will be determined by the amount of departmental participation requested and would require further Council action.

Genesys Works is a nonprofit 501[c] (3) corporation. The program mentors non-college bound students into positions as corporate interns, where they work half days during senior year in high school, exposing them to opportunities in Information Technology, Accounting and/ or Engineering Drafting. This approach has successfully achieved 95% of their participants to be college bound and 75% have either graduated or continue to be enrolled in a college program. This success has gotten the national recognition at the White House where they were featured at the inauguration of the Office of Social Innovation. The mission is to enable economically disadvantaged high school students to enter and thrive in the economic mainstream by providing them the opportunity to receive the knowledge and work experience required to succeed as professionals. The interns will be managed by each department individually; weekly timesheets will be required to monitor hours worked. Timesheets will require signoff prior to submission to Genesys Works who will in turn invoice each department for their respective intern(s).

Approve an ordinance authorizing a change order with AT&T, Inc. for a Telecommunications Expense Management system for the Information Technology Department and authorize purchase orders

Award Amount: \$2,000,000.00 Central Service Revolving Fund (1002)
(\$400,000 FY13; \$1,600,000 out years)

Finance Budget

SPECIFIC EXPLANATION:

The Chief Information Officer requests City Council approval of an ordinance authorizing a change order and approval of a purchase order to AT&T, Inc. for an enterprise solution to a Telecommunications Expense Management for the Information Technology Department through the Texas Department of Information Resources (DIR). The change order has a three-year term with two one-year options.

The initial phase of the Telecommunication Expense Management project provides four modules which will allow the City to: 1) Process paper and electronic wire line and wireless vendor invoices; 2) Provide account payables (AP) export to the SAP Accounting System; 3) Upload paid invoice information as provided by ITD; 4) Provide comprehensive asset inventory including but not necessarily limited to telecom voice circuits and devices (wire line and wireless), telecom data circuits, routers, servers, switches and 5) allow comparison of plan rates to actual cost for wireless devices; at a cost of \$133,000.00.

The proposed change order provides on-going support and maintenance services at \$1.02 per product; an estimated monthly rate of \$33,000.00. Following the initial phase, a product count or "true up" will be taken on March 15th of each year thereby determining the monthly fee for the following 12 months. Subsequently, the AT&T monthly fee going forward will be predicated on the number of products in use at the time of "true up".

Additionally, this will authorize ITD to issue purchase orders for estimated costs. Out year payment amounts will be determined annually based on the "true up". This system will allow ITD to maintain a management tool to track expenses generated by citywide asset users.

RECOMMENDATION: (Summary)

Approve an ordinance for Advance Funding Agreement between the City and TxDOT.

No Additional Funding Required.

PROJECT DESCRIPTION: This project includes right-of-way enhancements in the vicinity of the Museum District and Main Street Corridor to enhance pedestrian mobility and create transit supportive environment. *M.P. 8/10/2012*

PREVIOUS HISTORY: On July 28, 2010 City Council approved a Local Advance Funding Agreement with TxDOT and appropriated funds in the amount of \$20,000.00 under Ordinance # 2010-0600. The original agreement included Federal Participation of \$3,050,000.00 and approved a local match of \$762,500.00 for construction and TxDOT oversight fees. The new agreement adjusts the Federal Participation to \$3,040,601.00 and reduces the required Local participation of this project to a total of \$450,664.00. The original Funding Agreement between the City and TxDOT will be terminated with execution of the new Funding Agreement.

SCOPE OF THIS AGREEMENT: This agreement outlines adjustment to Local, Federal participation, and State oversight fees for the construction of the Museum District/Main Street Improvement Project. The proposed agreement consists of \$1,237,946.00 Federal Demonstration Funds and \$1,802,655.00 Federal High Priority Safety (HPS) Funds for a total of \$3,040,601.00. Local participation (20% match) is only required for the HPS Funds. This reduces the local funding required to \$450,664.00, which includes TxDOT oversight fees. The local matching consists of \$260,000.00 contribution received from Rice University and Grayco Partners LLC with Ordinance # 2010-0581 and reserved under Contribution for Capital Projects (Fund Number 4510); and \$190,664.00 from Sale of Calumet Street right-of-way with Ordinance # 2008-707 and reserved under Woodland Regional Participation Fund (Fund Number 2425).

LOCATION: The Project is generally bound by Southmore on the North, Holcombe Boulevard on the South, Main Street on the West and Fannin Street on the East. It also includes the Museum District Area bound by Southmore on the North, MacGregor on the South, Montrose on the West and Crawford on the East. Key Map Grid No. 532D, 532H, 493W & 533A.

RECOMMENDATION: (Summary)

It is recommended that City Council adopt a Municipal Setting Designation (MSD) ordinance prohibiting the use of designated groundwater at the RectorSeal Corporation site located at 2601 Spenwick Drive, Houston, TX 77055, and support issuance of an MSD by the Texas Commission on Environmental Quality (TCEQ). (MSD # 2012-042-RSC)

Amount and Source of Funding: N/A

BACKGROUND: In 2003, the Texas Legislature authorized the creation of Municipal Setting Designations (MSD), which designates an area in which the use of contaminated groundwater is prohibited for use as potable water. The law is administered by the Texas Commission on Environmental Quality (TCEQ) and requires local City support to designate an MSD. The intent of the legislation is to encourage redevelopment of vacant or abandoned properties while protecting public health. On August 22, 2007, City Council approved an ordinance amending Chapter 47 of the Code of Ordinances by adding Article XIII relating to groundwater, which provides a process to support or not support an MSD application to the State (ordinance amended 7/14/2010).

RECTORSEAL CORPORATION APPLICATION: RectorSeal Corporation is seeking a Municipal Setting Designation (MSD) for approximately 21.5-acres of land located at 2601 Spenwick Drive, Houston, TX 77055. The contamination consists of trichloroethene (TCE), cis-1,2-dichloroethene (cis-1,2-DCE), trans-1,2-Dichloroethene (trans-1,2-DCE), and vinyl chloride (VC). The RectorSeal Corporation site historically operated as a retail distribution facility for a department store chain. A gasoline underground storage tank release was discovered in 1992 and in 1993 the tank was removed and the affected soil excavated. Chlorinated solvents were discovered in groundwater in 1997 when RectorSeal purchased the property, and they enrolled the site into the State's Voluntary Clean Up Program. Affected groundwater is contained on-site and a licensed Professional Geologist has certified that the area of contamination is delineated, stable and in most cases decreasing in concentration.

RectorSeal Corporation is seeking an MSD for this property to restrict access to groundwater to protect the public against exposure to the contaminants. There is a public drinking water supply system that meets state requirements that supplies or is capable of supplying drinking water to the MSD property and all properties within one-half mile of the MSD property. A public meeting was held on July 10, 2012 at the Sosa Community Center, and a public hearing was held on August 14, 2012 during the Transportation, Technology, and Infrastructure Council Committee. Both meetings are necessary steps prior to City Council's consideration of support.

RECOMMENDATIONS: It is recommended that City Council adopt a Municipal Setting Designation (MSD) ordinance prohibiting the use of designated groundwater at the RectorSeal Corporation site located at 2601 Spenwick Drive, Houston, TX 77055, and support issuance of an MSD by the Texas Commission on Environmental Quality.

RECOMMENDATION: (Summary)
An ordinance for the FONDREN ROAD PROJECT (from Hillcroft to McHard/FM 2234) be passed approving and authorizing the acquisition of parcels by dedication, purchase, or condemnation.

Amount and Source of Funding: No additional funding required. (Funds were previously appropriated under Ordinance 2010-0675 out of the Street and Bridge Consolidated Construction Fund 4506 and re-appropriated by Ordinance 2011-1088 into Fund 4042 - Street & Traffic Control and Storm Drainage DDSRF) *M.P. 7/30/2012*

SPECIFIC EXPLANATION:
The Department of Public Works and Engineering is requesting that an ordinance for the FONDREN ROAD PROJECT (from Hillcroft to McHard/FM 2234) be passed approving and authorizing the acquisition of parcels by dedication, purchase, or condemnation. This project provides for the construction of a four-lane divided concrete roadway with storm drainage, curbs, sidewalks, driveways, street lighting, traffic control, and other necessary underground improvements to meet City of Houston standards and improve traffic flow.

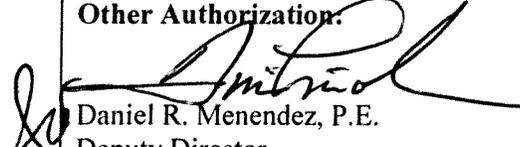

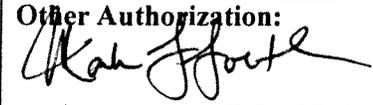

This action authorizes payment for costs of land purchases/condemnations, relocation assistance expenses, appraisal fees, title policies/services, recording fees and other acquisition costs in connection with negotiations to settle purchases; finds a public necessity for the project; and approves and authorizes the condemnation of the land and improvements thereon. If negotiations to acquire the property cannot be concluded as a purchase or for any reason for which acquisition by condemnation is warranted, this action authorizes the City Attorney to file or cause Eminent Domain proceedings to be filed and acquire rights-of-way and easements for said purposes and authorizes payment of the Award of Special Commissioners and court costs associated with condemnation proceedings. Parcels with a consideration that exceeds the spending authority threshold set by State law will be submitted to City Council as they are finalized. This will expedite the process of acquiring land in support of the FONDREN ROAD PROJECT (from Hillcroft to McHard/FM 2234).

Ordinance 2012-0521, passed 5/30/12

RECOMMENDATION: (Summary)

An ordinance for the NORTH HOUSTON ROSSLYN AT BREEN INTERSECTION IMPROVEMENTS PROJECT be passed approving and authorizing the acquisition of parcels by dedication, purchase, or condemnation.

Amount and Source of Funding:

No additional funding required (covered under Blanket Appropriation Ordinance 2012-0521, N-000663-00RE-2-01 Fund 4042- Street & Traffic Control and Storm Drainage DDSRF)

M.P. 7/30/2012

SPECIFIC EXPLANATION:

The Department of Public Works and Engineering is requesting that an ordinance for the NORTH HOUSTON ROSSLYN AT BREEN INTERSECTION IMPROVEMENTS PROJECT be passed approving and authorizing the acquisition of parcels by dedication, purchase, or condemnation. This project provides intersection redesign work, such as improving the turn radius, repaving a portion of the intersection, adding new wheel chair ramps, new curbs, median improvements, a new traffic signal and sign installations at the existing intersection to meet City of Houston standards, increase public safety and improve traffic flow.

This action authorizes payment for costs of land purchases/condemnations, relocation assistance expenses, appraisal fees, title policies/services, recording fees and other acquisition costs in connection with negotiations to settle purchases; finds a public necessity for the project; and approves and authorizes the condemnation of the land and improvements thereon. If negotiations to acquire the property cannot be concluded as a purchase or for any reason for which acquisition by condemnation is warranted, this action authorizes the City Attorney to file or cause Eminent Domain proceedings to be filed and acquire rights-of-way and easements for said purposes and authorizes payment of the Award of Special Commissioners and court costs associated with condemnation proceedings. Parcels with a consideration that exceeds the spending authority threshold set by State law will be submitted to City Council as they are finalized. This will expedite the process of acquiring land in support of the NORTH HOUSTON ROSSLYN AT BREEN INTERSECTION IMPROVEMENTS PROJECT.

RECOMMENDATION: (Summary)
An ordinance for the NORTHLINE RECONSTRUCTION PROJECT (from Parker to Canino) be passed approving and authorizing the acquisition of parcels by dedication, purchase, or condemnation.

Amount and Source of Funding: No additional funding required. (Funds were previously appropriated under Ordinance 2009-0720 out of the Street and Bridge Consolidated Construction Fund 4506 and re-appropriated by Ordinance 2011-1088 into Fund 4042 Street & Traffic Control and Storm Drainage DDSRF)

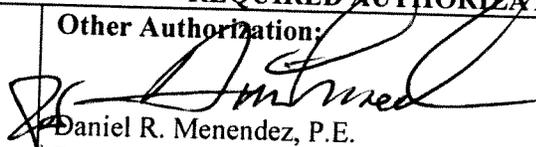

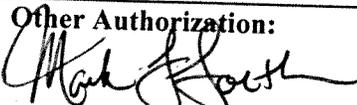

SPECIFIC EXPLANATION:
The Department of Public Works and Engineering is requesting that an ordinance for the NORTHLINE RECONSTRUCTION PROJECT (from Parker to Canino) be passed approving and authorizing the acquisition of parcels by dedication, purchase, or condemnation. This project provides for the reconstruction of approximately 5,800 feet of four-lane undivided concrete roadway with storm sewer system, curbs, sidewalks, street lighting, and other utilities. In addition, construction will include a two-lane asphalt street between Rosamond and Parker that includes sub-regional stormwater detention basins with an extended offsite stormwater system along Rosamond from Northline to Yale.

This action authorizes payment for costs of land purchases/condemnations, relocation assistance expenses, appraisal fees, title policies/services, recording fees and other acquisition costs in connection with negotiations to settle purchases; finds a public necessity for the project; and approves and authorizes the condemnation of the land and improvements thereon. SPECIFIC EXPLANATION:
The Department of Public Works and Engineering is requesting that an ordinance for the WILLOWCHASE LIFT STATION DIVERSION PROJECT (from Mills Road to Willowchase Boulevard) be passed approving and authorizing the acquisition of parcels by dedication, purchase, or condemnation. This project is a part of the City's on-going program to upgrade existing lift station facilities and related sewer systems by rehabilitation, repair and/or consolidation and provides for the elimination of the existing lift station, acquisition of three permanent sewerline easements and one temporary construction easement to divert flows.

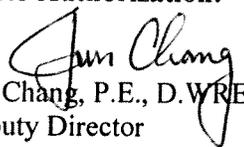

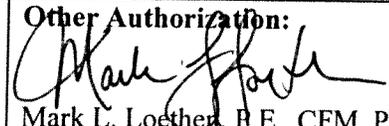

This action authorizes payment for costs of land purchases/condemnations, relocation assistance expenses, appraisal fees, title policies/services, recording fees and other acquisition costs in connection with negotiations to settle purchases; finds a public necessity for the project; and approves and authorizes the condemnation of the land and improvements thereon. RECOMMENDATION: (Summary)
Approve the Transfer of Water and Wastewater Service in Accordance with a Treated Water Supply Contract and Sanitary Sewer Service Contract Between the City and HCMUD 406 and HCMUD 321

Amount and Source of Funding: No funds required.

SPECIFIC EXPLANATION:

BACKGROUND: HCMUD 321 is outside the City limits but inside the City's extraterritorial jurisdiction. The City has supplied water and wastewater service to customers (currently 59 commercial customers) in HCMUD 321 pursuant to a Water Supply and Waste Disposal Agreement, dated July 1, 1988, between HCMUD 321 and the City. The City assumed a contract to provide service to HCMUD 321 when it annexed the now-dissolved HCMUD 203.

The City, HCMUD 321, and HCMUD 406 entered into a Sanitary Sewer Service Agreement on December 7, 2010 (Ord. No. 2010-919) and a Treated Water Supply Agreement On July 7, 2011 (Ord. No. 2011-0605) (the "Agreements"). The Agreements provide that HCMUD 321 will begin providing water and wastewater service to the customers within the HCMUD 321 boundaries after making certain payments and improvements. HCMUD 321 has made or authorized the necessary payments and improvements.

RATE ORDER: On July 17, 2012, HCMUD 321 issued a rate order for customers within its boundaries and authorized the assumption of water and wastewater service from the City of Houston. After transfer of service, these 59 customers will begin receiving water and wastewater service from the HCMUD 321 via the designated operator, Hays Utilities Corporation South. The rates that HCMUD 321 will charge are different from the City, and some low-volume customers in HCMUD 321 may see a rate increase.

FINAL ORDER: Since the decision to transfer service rests with City Council, ~~the final order to change~~, the City Council would be the entity that makes the "final order of a rate change" for HCMUD 321 customers.

REASON FOR REQUEST: To meet Texas regulatory requirements, the City must provide customers outside its city limits with notice of a rate change within 30 days of providing a "final order of a rate increase". The City should not transfer service until a certain period after sending appropriate notice. To make sure the City provides appropriate notice, the effective date of transfer of service to HCMUD 321 should be on or after October 29, 2012.

RECOMMENDATION: (Summary)

The petition for the addition of 71.247 acres of land to New Caney Municipal Utility District be approved.

Amount and Source of Funding:

NONE REQUIRED

SPECIFIC EXPLANATION:

New Caney Municipal Utility District has petitioned the City of Houston for consent to add 71.247 acres of land, located in the city's extraterritorial jurisdiction, to the district.

The Utility District Review Committee has evaluated the application with respect to wastewater collection and treatment, potable water distribution, storm water conveyance, and other public services.

The district is located in the vicinity of White Oak Creek, FM 1485 and Caney Creek. The district desires to add 71.247 acres, thus yielding a total of 9,235.367 acres. The district is served by the New Caney Municipal Utility District Wastewater Treatment Plant, which is owned and operated by the district. The nearest major drainage facility for New Caney Municipal Utility District is White Oak Creek which flows into Caney Creek and finally into Lake Houston.

Potable water is provided by the district. By executing the Petition for Consent, the district has acknowledged that all plans for the construction of water conveyance, wastewater collection, and storm water collection systems within the district must be approved by the City of Houston prior to their construction.

The Utility District Review Committee recommends that the subject petition be approved.

RECOMMENDATION: (Summary) Approval of an ordinance designating the 3400-3500 block of North Parkwood Drive, north and south sides, between Del Rio Street and Parkwood Drive as a Special Minimum Lot Size Area, pursuant to Chapter 42 of the Code of Ordinances.

Amount and Source of Funding:	Finance Budget:
--------------------------------------	------------------------

SPECIFIC EXPLANATION: In accordance with Section 42-194 of the Code of Ordinances, the property owner of Lot 16, Block 54, of the Riverside Terrace Section 10 Subdivision initiated an application for the designation of a special minimum lot size area. The application includes written evidence of support from the owners of 72% of the area. Notification was mailed to the 14 (fourteen) property owners indicating that the special minimum lot size area application had been made. The notification further stated that written protest could be filed with the Planning and Development Department within thirty days of mailing. One (1) written protest was filed. The Houston Planning Commission considered the protest on July 19, 2012 and voted to recommend that the City Council establish the Special Minimum Lot Size Area.

It is recommended that the City Council adopt an ordinance establishing a Special Minimum Lot Size of 17,035 sf.

RECOMMENDATION: (Summary)

To approve the Interlocal Agreement among the City of Houston, the City of Dallas, the North Texas Municipal Water District, the Tarrant Regional Water District, and the Trinity River Authority of Texas.

Amount and Source of Funding:
 \$20,900
 Water and Sewer System Operating Fund 8300 *[Signature]*

SPECIFIC EXPLANATION:

In 2007, the Texas legislature passed Senate Bill 3 (SB3) requiring environmental flow regimes to be identified for each of the State's major river basin and bay areas. Pursuant to SB3, in 2011 the Texas Commission on Environmental Quality adopted rules establishing flow standards for the Trinity and San Jacinto Rivers and Galveston Bay. The SB3 process calls for adaptive management to periodically incorporate new data and information regarding flow requirements.

The City of Houston, the City of Dallas, North Texas Municipal Water District, Tarrant Regional Water District and the Trinity River Authority of Texas (the "Parties") have major sources of water supply in the Trinity River basin and would like to enter into an Interlocal Agreement to cost-share in a study (the "Study") that will provide information to advance the Parties understanding of the freshwater requirements of Galveston Bay. It is anticipated that the information may be used to help maintain reasonable flow standards that will safeguard both the environment and water supplies.

The Trinity River Authority will act as the administrator with respect to the Study and enter into an engineering services agreement with ESPEY, Inc. dba RPS Espey, to conduct the Study on the Parties behalf. The Study is not to exceed \$104,500, with each Party's share being \$20,900. Funds will not be released until the other Parties have executed the Interlocal Agreement. The Study is scheduled to be completed by November 30, 2013.

The Department of Public Works recommends that the Interlocal Agreement be approved.

RECOMMENDATION: (Summary)
Approve an ordinance authorizing the Mayor to execute an Untreated Water Supply Contract with Battleground Oil Specialty Terminal Company, LLC.

Amount and Source of Funding:
NO FUNDS REQUIRED; REVENUE CONTRACT FOR UNTREATED WATER

SPECIFIC EXPLANATION:

Battleground Oil Specialty Terminal Company, LLC (BOSTCO) has requested to enter into a standard form Untreated Water Supply Contract for the City to supply untreated water to their facility for use in their industrial processes. This contract will charge rates for untreated water as specified in City of Houston Code of Ordinances, Section 47-85, currently \$0.5944 per thousand gallons.

The standard form contract contains a maximum daily use quantity that, if the customer exceeds by more than 10%, assesses a 5% surcharge on the consumption above the maximum. A telephone Dial-Inbound Automatic Meter Reading System allows PWE to monitor daily usage.

BOSTCO's maximum quantity will be nine thousand gallons per day. Yearly revenue to the city from this contract is expected to be approximately \$1,952.61.

The untreated water will be supplied to the BOSTCO facility via the Trinity River water supply system which is managed by the Coastal Water Authority.

The City of Houston Infrastructure Planning Branch has evaluated the request and found that the water supply and delivery system is adequate to provide the requested quantities.

SPECIFIC EXPLANATION: Section 6, Article VII of the Houston City Charter empowers City Council to determine its own rules of procedure and to punish its members for misconduct. On April 20, 2011, City Council took action in adopting a Council Member Code of Conduct ("Code of Conduct") that set forth Standards of Conduct applicable to City Council members and provided a procedure whereby complaints containing alleged violations of one or more of the Standards of Conduct, brought by one council member against another, could be reviewed and disciplinary action taken should City Council determine that a violation had occurred. The proposed ordinance amends Rule 6 by altering the review procedure to exclude participation of the Mayor, change the composition of the initial Review Panel to include the Mayor Pro Tem, Vice Mayor Pro Tem, and a third Council Member to be selected by a strike-off procedure, and to involve the Houston Ethics Commission in preliminary review. Additionally, the ordinance would require not less than a 2/3 vote of city council members to determine that a violation of the Standards of Conduct had occurred, as well as to impose any discipline. A discussion of all the proposed changes occurred at a meeting of the Council Ethics and Governance Committee conducted on July 16, 2012.				

CMS

Rule 6. Council Member Code of Conduct.

City council finds and determines that establishing rules of conduct for members of city council is conducive to the conduct of the affairs of the council as a governing body and to good governance. Furthermore, the city council alone is empowered by Article VII, Section 6 of the City Charter to establish standards of conduct for the members of city council and to assess appropriate discipline for failure to comply with those standards. Consistent with that authority, the city council hereby establishes the following standards of conduct and accompanying disciplinary procedures.

I. Standards of Conduct.

Council members shall at all times conduct themselves in a manner consistent with the importance and dignity of their office. To that end, council members shall observe:

- (1) All ethical standards of conduct stated in Chapter 18 of ~~this the Code of Ordinances~~;
- (2) All requirements of the City Charter regarding conduct by members of city council, including specifically but not limited to Article VII, Section 4; and
- (3) All requirements of federal law, state law, ~~the City Charter, and this the Code of Ordinances~~ regarding the duties, responsibilities, and obligations of elected officials, ~~and all other laws regulating individual conduct.~~

II. Disciplinary Procedure.

A. *Complaints.* A complaint by any council member alleging non-compliance with one or more standards of conduct by another council member shall be submitted to the city attorney or his designee ~~mayor~~ and shall be in writing, dated, and either properly verified (a document will be considered properly verified when a notary executes it with the language "Signed and sworn to (or affirmed) before me on (date) by (the name of the person))" or conform to minimum state law requirements for unsworn declarations, and shall include:

- (1) The name and position or title of the party or parties filing the complaint (hereinafter referred to as the *complainant(s)*);
- (2) The name and position or title of the individual(s) alleged to have violated one or more standards of conduct (hereinafter referred to as the *respondent(s)*);
- (3) The nature of the alleged violation of the standards of conduct or of other law, rule, or regulation, ~~applicable to the performance of duties or~~

~~discharge of responsibilities;~~

- (4) ~~The specific facts or circumstances~~ allegations that constitute give rise to a violation of one or more of the standards of conduct, including the submission of any documentation in the possession of the complainant that relates to the alleged violation of the standards of conduct (the complaint shall not contain innuendo, speculative assertions, or conclusory statements); and
- (5) A statement ~~by that~~ the complainant acknowledging recognizes and agrees that the complaint and all associated materials shall, to the extent permitted by law, be deemed confidential throughout the review process, and shall not be released to any third party by the complainant, ~~the mayor, or any other individual privy to the information as provided herein,~~ until such time as the matter is brought before city council.

B. Review Panel.

Notwithstanding the disciplinary procedure provided herein, the Review Panel shall stay its review of any complaint containing allegations that are the subject of a pending investigation or prosecution by a law enforcement agency until such time as the investigation and any prosecution thereof is completed; provided however, the Review Panel may proceed with its review of the complaint following its receipt of a written request from the respondent requesting that the Review Panel move forward with its review of the complaint.

- (1) Not later than five business days after receiving the complaint, the city attorney or his designee ~~mayor~~ shall forward a true and complete copy of the complaint to the respondent, the mayor pro tem, and the vice mayor pro tem.
- (2) ~~Not later than ten days after receipt of the complaint by the mayor,~~ the complaint shall be reviewed by the mayor pro tem, a member of city council designated by the complainant, and the vice mayor pro tem, and a member of city council mutually agreed upon by the complainant and respondent a member of city council designated by the respondent (collectively referred to as the *Review Panel*), ~~in consultation with the city attorney;~~ provided however, the mayor pro tem, vice mayor pro tem, or any other members of council selected or designated to serve on the Review Panel shall not participate in the review of a complaint which alleges he/she has violated one or more standards of conduct.
- (3) If the complainant and respondent are unable to agree upon a member of city council to serve on the Review Panel within five business days of the

receipt of the complaint, the mayor pro tem shall submit to the complainant and respondent an identical list of council members not a party to the complaint. The complainant and respondent shall each have five business days from the date of the receipt of the list to:

- a. Strike not more than three names;
- b. Number the remaining names in order of preference; and
- c. Return the list to the mayor pro tem.

If the complainant or respondent does not return the list within the time specified, all council members named therein shall be deemed acceptable. From the names that have been approved on both lists, the mayor pro tem shall invite the acceptance of the identified council member to serve on the Review Panel in accordance with the designated order of mutual preference.

- (4) If the complainant and respondent fail to identify a mutually agreed upon council member from the names submitted in order of preference, or if any mutually agreed upon council members identified on their respective lists is unable or unwilling to serve on the Review Panel, the mayor pro tem shall select a council member to serve on the Review Panel by an impartial means of chance.

C. Review.

- (1)a- The Review Panel shall meet and conduct an initial review of the complaint and any documentation submitted therewith within five business days of its formation. The Review Panel shall then meet as often as necessary to review the complaint in conjunction with its receipt of any additional documentation it deems necessary and relevant in making a determination whether the complaint alleges a violation of the standards of conduct and the evidence, when viewed as a whole, establishes reasonable cause to believe there has been a violation of one or more of the standards of conduct.
- (2) The mayor pro tem shall immediately forward a copy of the complaint to the Houston Ethics Commission ("ethics commission") who shall endeavor to make a determination in accordance with sub items (a) and (b) below and furnish a written report to the Review Panel within 30 days of its receipt of the complaint. A member of the ethics commission shall recuse oneself and abstain from participating in the review of the complaint and making a determination in accordance with sub items (a) and (b) below if the member has any conflict of interest that would

preclude the member from being impartial in participating in the review of the complaint.

a. No violation. Upon the Review Panel's receipt of a written report from the ethics commission stating the complaint does not allege a violation of one or more of the ethical standards contained in the Chapter 18 of this Code, the Review Panel shall forward a copy of the written report to the complainant and respondent and cease any further inquiry and investigation of the matter as it pertains to an alleged violation of one or more of the ethics standards contained in Chapter 18 of the Code; provided however, the Review Panel shall immediately proceed with its review of the complaint to determine whether it contains any other alleged violations of the standards of conduct.

b. Possible violation. Upon the Review Panel's receipt of a written report from the ethics commission stating that the complaint alleges a violation of one or more of the ethical standards of conduct contained in Chapter 18 of this Code, the Review Panel shall forward a copy of the written report to the complainant and respondent and cease any further inquiry into the matter and take no further action pending receipt of a written report by the ethics commission whether there is reasonable cause to believe the respondent has violated one or more of the ethical standards of conduct contained in Chapter 18 of this Code.

~~(3) The Review Panel, and shall determine by majority vote whether if the evidence, when viewed as a whole, establishes reasonable cause to believe that a violation of one or more standards of conduct has occurred, and that as a consequence the complaint should be considered by city council. In making said determination the Review Panel may undertake any such inquiry as the Review Panel deems appropriate and necessary. Additionally, the Review Panel shall accept and take into consideration the receipt of a written report by the ethics commission stating whether there is reasonable cause to believe the respondent has violated one or more of the ethics standards of conduct contained in Chapter 18 of this Code. The Review Panel shall furnish a copy of the written report to the complainant and the respondent.~~

~~(4)b. Following its review, tThe Review Panel shall advise the complainant and the respondent of its the Panel's findings.~~

~~(5)b. Upon the Review Panel's determination that the complaint does not contain an alleged violation of the standards of conduct and the evidence, when viewed as a whole, does not establish reasonable cause to believe there has been a violation of one or more of the standards of conduct and~~

therefore should not be considered by city council, the matter is concluded.

- (6) Upon the Review Panel's determination that the complaint does contain an alleged violation of the standards of conduct and the evidence, when viewed as a whole, does establish reasonable cause to believe there has been a violation of one or more of the standards of conduct, the matter shall ~~should~~ be considered by city council and, the mayor pro tem shall request that the mayor present the complaint to city council by posting the same on an agenda of a meeting of the city council to be held not earlier than 20 business days following the date of the action of the Review Panel. If the respondent so desires, he or she may file a written response with the mayor not later than seven business days prior to the date of the council meeting. In lieu of filing a response, the respondent may within the same time frame file a written request with the mayor for and shall receive a one-time extension of two weeks (or until the next available council meeting thereafter) for initial consideration of the complaint; if such an extension is requested, the period for filing a response is likewise extended.

D. City Council Consideration.

For purposes of this rule of procedure, the term *city council* or *council members* shall exclude the mayor and shall mean only those individuals who have been elected to and are currently serving on the governing body of the City of Houston, Texas as a district council member or an at-large council member pursuant to Section 2, Article V of the City Charter.

- (12) The posted item for the agenda of the city council meeting to consider the complaint shall be to "Discuss, Consider, and Possibly Take Action" regarding the complaint. At the initial city council meeting, ~~the city~~ council shall consider the complaint on its face, shall consider any response thereto, and shall hear comment or where deemed appropriate sworn testimony from the complainant(s) and from the respondent(s). ~~Following discussion thereof, the council may determine if the complaint is sufficient or insufficient to establish a violation of the standards of conduct. If the council determines the complaint does not establish a violation of the standards of conduct, the matter is concluded.~~

- (23) ~~If the council determines a violation of the standards of conduct has occurred, the council shall then determine the appropriate discipline. If the~~ city council determines the complaint may have merit, but additional information is required to make a final decision, ~~the city~~ council may forward the matter to a future council meeting to take additional evidence and consider further action.

(34) If ~~the city~~ council defers action at the initial meeting at which the complaint is considered, ~~the city~~ council shall establish a future council meeting date to resume deliberations. Pursuant to Article VII, Section 5 of the City Charter, The city council may, pursuant to Article VII, Section 5 of the City Charter summon and compel the attendance of witnesses and the production of documents necessary to the consideration of the complaint. Following the discussion and consideration of additional evidence as ~~the city~~ council ~~shall deems~~ appropriate, ~~the city~~ council shall determine if the complaint is sufficient or insufficient to establish a violation of the standards of conduct. A vote of not less than two-thirds majority of council members shall be required to determine a violation of the standards of conduct has occurred.

(4) If ~~the city~~ council determines the complaint does not establish a violation of the standards of conduct, the matter is concluded. If ~~the city~~ council determines a violation of the standards of conduct has occurred, ~~the city~~ council shall then determine the appropriate discipline.

EG. *Discipline.*

(1) Upon a finding by the city council that a respondent has violated one or more of the standards of conduct, the council may, in addition to any other action taken by any agency or tribunal, assess the discipline it deems appropriate. A vote of not less than two-thirds majority of council members shall be required in determining the assessment of the appropriate discipline as listed in the following progressive order of seriousness:

a. Verbal Reprimand - a statement of disapproval made publicly during a meeting of city council admonishing the respondent.

b. Written Letter of Reprimand - a formal, written statement of disapproval memorializing the contents of a verbal reprimand which shall be read aloud at a meeting of city council and become part of city council's record of the meeting at which the written statement is read.

c. Official Censure - a written letter of reprimand and other sanction(s) including:

i. Removal of council committee chairmanship(s), if applicable, and other special appointments;

ii. Removal of membership from council committee(s); and/or

iii. Suspension of participation in a designated number of city council meetings.

d. Impeachment and Removal from Office - the removal of a council member from office creates a vacancy which shall be filled in a manner consistent with Section 2, Article VII of the Charter and applicable state law.

(2) All discipline imposed as a result of a finding that one or more of the standards of conduct have been violated shall be in addition to any other penalty or punishment that may be imposed pursuant to federal and state law or any other applicable provision of the City Charter or this Code of Ordinances, Houston, Texas.

III. Implementation.

Following adoption by ordinance of these standards of conduct, each current member of city council shall, within ten business days of adoption, execute an acknowledgment in a form acceptable to the city attorney stating that he/she has received and read this Code of Conduct. All newly elected members of city council shall execute a similar acknowledgment at the time of their receipt of the oath of office. All acknowledgments shall thereafter be placed in the official records of the City of Houston.

SPECIFIC EXPLANATION:
Chapter 18 of the City of Houston Code of Ordinances contains the city's ethical standards and financial disclosure requirements applicable to city officials, and other regulatory provisions addressing lobbying, the solicitation and receipt of campaign contributions, and campaign finance reporting. The proposed amendments are designed to advance the purposes of Chapter 18 in several respects.

The amendments seek to strengthen the ethical standards of conduct imposed upon city officials by prohibiting interference with criminal or administrative investigations, as well as the use of city employees for private gain or advantage during work hours. The amendments also expand the prohibition against the delivery and acceptance of campaign contributions at city owned and operated facilities.

Additionally, the amendments would prohibit members of the city's Ethics Commission from soliciting contributions for candidates to city elective office and impose additional restrictions on those eligible to serve on the Ethics Commission, in order to ensure complete neutrality.

Finally, the amendments require that only active city officials file an annual financial disclosure statement; repeal outdated and ineffective Code provisions concerning campaign principles; and revise the classification of persons that are considered members of the executive branch for purposes of the city's regulatory provisions regarding lobbying.

A discussion of all the proposed changes occurred at a meeting of the Council Ethics and Governance Committee conducted on July 16, 2012.
