SHI - Proofpoint

TTI Presentation

Date: September 17, 2018

Houston Information Technology Services

Lisa Kent
Chief Information Officer

Bottom Line Up Front

Vendor:	SHI International Corp.
Purpose:	Spending authority with Department of Information Resources (DIR) for Proofpoint services supporting email archival for all City Departments.
Requested Spend Authority:	$ 2,310,034.66
Term:	5 Years
Primary Department Users:	All City Departments

Services

- Guaranteed search results in seconds
- Self-service control for legal teams to minimize IT burden
- Centrally managed search, review and legal-hold activity across content
- Exports that include only responsive matter

- **Proofpoint Archive** is used to capture email communications and automate the enforcement of City retention policies.
- **Proofpoint eDiscovery** is used to find and preserve critical information related to litigation, investigations and public information request. Once identified, data can then be exported and delivered to requesting party.
- The City has been using the solution for 5 years, current user count is 18,000
