**NOTICE OF COMMUNITY PARKING PROGRAM DESIGNATION**

On December 11, 2019, City Council approved the designation of the Museum Park Community Parking Program (CPP). The CPP program is deployed in areas where multiple establishments rely on the street parking (residential, commercial, museums, etc.) and the parking regulations are designed to address long-term curbside parking and congestion.

Residents and employees with addresses in the CPP area may purchase permits that exempt their vehicles from the posted time limit and meter restrictions.

The parking regulations will become effective July 15, 2021. **If your block and street are not listed, there will be no change to the regulations on your block.**

- You are not required to purchase permits
- Permits must be properly displayed for exemption of the meter and/or time limit parking restrictions
- Limit 3 permits permit each calendar for single-family residential properties (1-8 units)
- Limit 1 permit each calendar year for multi-family residential units of 9-125 units. Maximum number of 50% of the units per property may obtain a permit.
- Permits do not guarantee a parking space
- All other parking regulations must be followed
- Employee permits are \$25 per month for designated areas.

**New Metered Parking Areas**
